

# Desktop 2000i™

A powerful, affordable front-office solution

# Efficiency

The Rimage 2000i is the most efficient desktop CD/DVD publisher available today. With proven reliability, quality inkjet printing and optional network connectivity, it's easy to use and ideal for a small office environment.

Open the box, plug in the cables and turn on the power. No assembly. No printer to mount or alignments to make. You can put this low-cost, high-quality desktop CD/DVD publishing solution to work in a matter of minutes.

Available as a stand-alone system, or upgradeable to a networked solution, the Rimage 2000i inkjet system makes CD/DVD creation easy and affordable. Reliable robotics and high-yield cartridges allow for long production runs and uninterrupted usage.

***Desktop 2000i standard features include:***

- Two recorders for CD or DVD recording.
- Cost-effective ink-jet printing with separate CMY and Black ink cartridges.
- Speed, reliability, and a large 100-disc input bin—combined with an innovative ink management system.
- Rimage's optimized 2-to-1 recorder-to-printer ratio that eliminates production bottlenecks and maximizes efficiency.
- Durable, all-metal construction with integrated components.
- An LCD that communicates system status information so you're free to focus on your work.

## The Rimage Difference: Powerful Software and Unmatched Service

Advanced software tools for the 2000i combined with unparalleled service and support give you extraordinary ease of use, reliability and industry-leading efficiency.

- The Rimage Desktop Software Suite includes: QuickDisc™ for creating and submitting jobs from a PC; CD Designer™ to help you create custom artwork and disc graphics; and Rimage System Manager™ to automatically notify users of configuration, job status, consumable levels and more.
- Powerful Hewlett Packard-enabled thermal inkjet technology offers unsurpassed ink control and superb color management.
- HP's unique PhotoREt IV color-layering and ColorSmart III color optimization technology create realistic photo images, vivid color output, and extremely sharp text for quality printing.
- Optional networking with OfficeNet 2000i applications lets all the PC users in your facility create discs from their desktops.
- Rimage's superior solutions are backed by superior service with 24-hour online and telephone technical support service agreements.
